

Revell AQUA COLOR 18 ml

High-**opacity** paint that can be thinned with **water!**

Environmentally friendly, low-odour and non-flammable!

This paint has clear advantages, available in 72 different that can be thinned with water, providing glossy, matt, silkmatt and metallic finishes.

Very quick drying!

The next coat of paint can be applied after a drying time of one hour. The paint is fully dry after a further 2 to 3 hours.

Applied with a paintbrush, this modelling paint which can be mixed and thinned with water, provides for an extraordinarily smooth finish. For airbrushing simply mix with 20 to 25 % water.
